DCC's Learning Opportunities

DCC caters for a wide variety of learner needs. This means that we offer both formal and non-formal programmes. It is important that you understand the type of programme for which you are enrolling.

Damelin Correspondence College offers you the following learning opportunities :

National qualifications are credit-bearing qualifications registered on the NQF and accredited by a Quality Assurance Body, such as a SETA. A skills programme is an accredited component of a national qualification. An example of a National Qualification offered by DCC is the National Certificate in Bookkeeping, NQF Level 3, SAQA ID 58375, accredited by FASSET.

DCC Provider Programmes are DCC's vocational certificates and diplomas that enhance your skills and improve your career opportunities. Provider Programmes are not linked to the NQF, but they are in high demand and carry the approval of the DCC Academic Board. An example of a DCC Provider Programme is the DCC Certificate in Professional Secretary.

Agent Programmes are programmes for which DCC offers tuition, but where DCC does not issue the final certificate. The agent body issues the final certificate and manages the final examinations. An example of an Agent Programme offered by DCC is the Microsoft Office User Specialist (MOUS) programme.

Continuous Professional Development (CPD) Programmes are short courses that help you add to your current professional knowledge in a particular field, and hence boost your abilities within your career. An example of a DCC CPD programme is the DCC Short Course in Conflict Management.

Orientation Programmes are short courses that introduce you to a particular field or career, and that offer you the opportunity to explore an interest or skills set without having to enroll on a full programme. An example of a DCC Orientation Programme is the DCC Short Course: Introduction to Radio Broadcasting.

Self-employment Programmes were designed to refine your skills in a particular field of interest, to teach you how to make a living from a particular skill, interest or hobby, and to help you start your own business. An example of a DCC Self-employment programme is the DCC Diploma in Computerised Bookkeeping.

Employer Credibility

Today's job market is highly competitive, particularly for young people who are seeking their first job. In this environment, the most valuable asset that a job-seeker can have is a relevant qualification from an acclaimed and respected institution. Students can rest assured that, with over 40 years' experience in preparing students for employment, and 30 campuses around the country, Damelin has an unrivalled reputation as an educational institution. Every employer knows and respects the calibre of Damelin graduates.

Flexibility and Commitment to the Student

Studying by correspondence has several advantages over attending classes at a campus:

- Students can register at any time of the year
- Students can learn at home, according to a convenient schedule, without having to incur the cost and inconvenience of travelling to classes at fixed times
- Students can continue to earn an income, while studying outside of working hours at home.
- Students have access to highly qualified and experienced Damelin tutors who can provide quick feedback by giving detailed comments on assignments and can provide telephonic tutorials on a one-to-one basis.
- Students can engage with study material that is divided up into logically sequenced, manageable units, which form part of an integrated and sound learning process of introduction, reinforcement and review, interspersed with student-centred exercises.

Career Counselling & Development Service

Students are encouraged to make use of Damelin's free educational counselling service. Students can contact the Damelin Correspondence College Call Centre by telephone for referral to a Career Counsellor, or to make a personal appointment. Alternatively, students can e-mail queries to the College.

The Career Counsellor can assist students in choosing a career. The Career Counsellor can also provide additional academic support (such as study skills, tips for writing assignments and pre-exam techniques, life skills, time-management, coping with stress, and more), or can simply provide job-searching techniques.

Damelin Import and Export Management Programme

Damelin has played a major role in education and training for over 40 years. It provides high-quality education for those who need the foundation qualifications to advance their future towards careers in the South African business environment.

Admission requirements

It is essential that, once students have decided on the course for which they would like to enrol, they must bear in mind their present level of education and experience. It would be to the detriment of their studies should they enrol on a course for which they do not have the necessary educational background. It is far better to adopt a conservative approach and build a solid foundation for further study.

Admission requirements for each learning programme are outlined in this prospectus. However, should students have any doubts, a Damelin Student Consultant is available to answer any questions.

Upon enrolment, students will receive an examination guide for their Damelin internal examinations. This examination guide is updated annually and contains information regarding examination registration dates and the dates of the actual exams. It is therefore the student's responsibility to request an updated examination guide at the start of each year.

Students need to complete an examination entry form and submit it to the College, together with their prescribed examination fees. This must be done before the closing date for the next examination.
