DCC's Learning Opportunities

DCC caters for a wide variety of learner needs. This means that we offer both formal and non-formal programmes. It is important that you understand the type of programme for which you are enrolling.

Damelin Correspondence College offers you the following learning opportunities :

National qualifications are credit-bearing qualifications registered on the NQF and accredited by a Quality Assurance Body, such as a SETA. A skills programme is an accredited component of a national qualification. An example of a National Qualification offered by DCC is the National Certificate in Bookkeeping, NQF Level 3, SAQA ID 58375, accredited by FASSET.

DCC Provider Programmes are DCC's vocational certificates and diplomas that enhance your skills and improve your career opportunities. Provider Programmes are not linked to the NQF, but they are in high demand and carry the approval of the DCC Academic Board. An example of a DCC Provider Programme is the DCC Certificate in Professional Secretary.

Agent Programmes are programmes for which DCC offers tuition, but where DCC does not issue the final certificate. The agent body issues the final certificate and manages the final examinations. An example of an Agent Programme offered by DCC is the Microsoft Office User Specialist (MOUS) programme.

Continuous Professional Development (CPD) Programmes are short courses that help you add to your current professional knowledge in a particular field, and hence boost your abilities within your career. An example of a DCC CPD programme is the DCC Short Course in Conflict Management.

Orientation Programmes are short courses that introduce you to a particular field or career, and that offer you the opportunity to explore an interest or skills set without having to enroll on a full programme. An example of a DCC Orientation Programme is the DCC Short Course: Introduction to Radio Broadcasting.

Self-employment Programmes were designed to refine your skills in a particular field of interest, to teach you how to make a living from a particular skill, interest or hobby, and to help you start your own business. An example of a DCC Self-employment programme is the DCC Diploma in Computerised Bookkeeping.

Why Choose Damelin Correspondence?

Employer Credibility

Today's job market is highly competitive, particularly for young people who are seeking their first job. In this environment, the most valuable asset that a job-seeker can have is a relevant qualification from an acclaimed and respected institution. Students can rest assured that, with over 40 years' experience in preparing learners for employment, and 30 campuses around the country, Damelin has an unrivalled reputation as an educational institution. Every employer knows and respects the calibre of Damelin graduates.

Flexibility and Commitment to the Student

Studying by correspondence has several advantages over attending classes at a campus:

- Students can register at any time of the year.
- Students can learn at home, according to a convenient schedule, without having to incur the cost and inconvenience of travelling to classes at fixed times.
- Students can continue to earn an income, while studying outside of working hours at home.
- Students have access to highly qualified and experienced Damelin tutors who can provide quick feedback by giving detailed comments on assignments, and can provide telephonic tutorials on a one-to-one basis.
- Students can engage with study material that is divided up into logically sequenced, manageable units, which form part of an integrated and sound learning process of introduction, reinforcement and review, interspersed with learner-centred exercises.

Career Counselling & Development Service

Students are encouraged to make use of Damelin's free educational counselling service. Students can contact the Damelin Correspondence College Call Centre by telephone for referral to a Career Counsellor, or to make a personal appointment. Alternatively, learners can e-mail queries to the College.

The Career Counsellor can assist learners in choosing a career. The Career Counsellor can also provide additional academic support (such as study skills, tips for writing assignments and pre-exam techniques, life skills, time-management, coping with stress, and more), or can simply provide job-searching techniques.

Why Choose Damelin Correspondence?

CONT...

Damelin seeks to provide learners who have disabilities with every opportunity to participate fully in the College. When registering, learners are invited to disclose any disabilities that they may have, and to indicate any individual support or special examination arrangements that they may need. Students are also welcome to contact a Damelin Student Consultant for further information. In addition, learners with disabilities are invited to discuss their particular needs with the Career Counsellor, who is available to assist with personal, academic and career choices.

Students who experience difficulty in studying from printed material, for whatever reason, are encouraged to contact the Education Desk of Tape Aids for the Blind, to arrange for printed material to be transferred to audio.

Phone 031 309 4800.

Damelin Correspondence College applies the South African Qualifications Authority's (SAQA's) policy of recognising prior learning. Therefore, if learners do not meet the admission requirements of a particular learning programme, as described in the prospectus, they should contact the College to evaluate their prior learning and experience, to decide if they can gain admission to the programme of their choice.

Damelin Supply Chain Management Career Programmes

Since its inception in the early 1990s, the field of Supply Chain Management has become tremendously important to companies operating in an increasingly competitive global marketplace. The term 'supply chain' refers to the entire network of companies that work together to design, produce, deliver and service products. In the past, companies focused primarily on manufacturing and quality improvements within their four walls; now their efforts extend beyond those walls to encompass the entire supply chain.

The Damelin Learning Programmes in Supply Chain Management are designed for learners of all experience levels, from those with little or no knowledge of Supply Chain Management to those with experience in the field.

- Introduction Supply Chain Management
- Logistics and Supply Chain Management

Admission Requirements

It is important that a learner's choice of learning programme is based on their current level of education and experience. It is often detrimental to study success if a learner registers for a programme for which they do not have the necessary educational background. It might also prove a blow to the learner's self-confidence. Therefore, we urge learners to take a conservative, realistic approach, and in so doing build a solid foundation for further study.

We have outlined in this prospectus, the admission requirements for each programme. However, if learners have any doubts about admission requirements, they are encouraged to contact a Damelin Correspondence College Student Consultant, who will be able to answer any queries.

Examination Information

When learners register as Damelin Correspondence College learners, they receive an Examination Guide for Damelin internal examinations. This guide is updated every year, and contains information regarding assignment deadlines, examination registration dates, and the dates of the actual exams. Please note that it is the learner's responsibility to request an updated Examination Guide at the beginning of each year.

Students who are registered for a Damelin Certificate programme must register for examinations with the College. To register for exams, learners should simply complete an examination entry form and submit it to the College, together with the prescribed examination fee, before the closing date for the next examination.

10 Steps to Success

The accomplishment of any important goal in life requires two things: a plan, and a commitment to keep to that plan! What follows is a simple 10-step process that will guide you to achieving success in your chosen Damelin programme, therefore bringing you one step closer to the career of your choice, or the advancement that you aspire to.

Step 1

Choose the programme that best suits you:

- Identify a career that best suits your natural interests and abilities.
- Choose a learning programme that is relevant to your chosen career, and for which you are able to meet the entrance requirements.

Step 2

Decide how you wish to pay for your studies:

- You may pay the full fee in cash (which will save you interest charges), or on terms over an agreed period.
- You may choose to register now for the complete learning programme, even if you plan to do only some of the subjects this year, and the rest later. This will save you money in the long run.

Step 3

Fill in your registration form. (You can phone one of our learner consultants on 0860-61-61-61 to assist you in filling out the form.) Then send your completed registration form to Damelin by:

- Posting it to Damelin Correspondence College, P.O. Box 590, Cape Town, 8000, OR
- Taking it to your nearest Damelin office.

Step 4

Once you have registered, Damelin will send you your first study pack containing the following:

- Your **Student Card**, which identifies you as a learner wherever you go;
- Your **Damelin Study Notes**, which have been designed to make you feel as if you have your own personal teacher;
- Your **Study Methods Booklet**, which includes helpful study hints;
- Your **Information Guide**, a summary of important details;
- Your **Examinations Guide**, which tells you how to enter for your examinations;
- Your **Personal Study Programme**, which shows you the study units or items that you will need for each subject that you are studying; and
- Your **Assignment Covers, Student Query Forms and Envelopes**, to make it easy for you to send in your assignments and queries to the College.

10 Steps to Success

Decide on the study times that best suit your lifestyle. Then work out your own study timetable. Try to keep to your timetable! It is very difficult to catch up when you have fallen behind.

Get down to the serious business of studying. The notes have been designed to take the place of a class teacher.

Complete regular assignments to check how you are doing.

- Continuous assessment is an essential feature of distance learning. Our study material contains numerous test-yourself exercises, to help you to make sure that you are in control of your work at all times.
- At the end of each module, you will complete a progress assignment, which you must send to the College for marking and comment. We will return the progress assignment to you with a model answer.
- In order to qualify for a term mark, which gives you entrance to the examination, you must submit the required assignments before your exam date.

Enter for the examinations.

- Follow the instructions in your Exam Guide on how and when to enter for your examinations.
- Remember that it is your own responsibility to register in time for a particular examination-sitting.

Write the examinations

- You will enter the examination room knowing that you have done the very best preparation that you are capable of, and you will face the exam paper with confidence.

Qualify for your certificate.

- Join the thousands of successful past-learners of Damelin Correspondence College who are making a success of their careers.

Help is only a phone call away!
