DCC’s Learning Opportunities
DCC caters for a wide variety of learner needs. This means that we offer both formal and non-formal programmes. It is important that you understand the type of programme for which you are enrolling.

Damelin Correspondence College offers you the following learning opportunities:

**National qualifications** are credit-bearing qualifications registered on the NQF and accredited by a Quality Assurance Body, such as a SETA. A skills programme is an accredited component of a national qualification. An example of a National Qualification offered by DCC is the National Certificate in Bookkeeping, NQF Level 3, SAQA ID 58375, accredited by FASSET.

**DCC Provider Programmes** are DCC’s vocational certificates and diplomas that enhance your skills and improve your career opportunities. Provider Programmes are not linked to the NQF, but they are in high demand and carry the approval of the DCC Academic Board. An example of a DCC Provider Programme is the DCC Certificate in Professional Secretary.

**Agent Programmes** are programmes for which DCC offers tuition, but where DCC does not issue the final certificate. The agent body issues the final certificate and manages the final examinations. An example of an Agent Programme offered by DCC is the Microsoft Office User Specialist (MOUS) programme.

**Continuous Professional Development (CPD) Programmes** are short courses that help you add to your current professional knowledge in a particular field, and hence boost your abilities within your career. An example of a DCC CPD programme is the DCC Short Course in Conflict Management.

**Orientation Programmes** are short courses that introduce you to a particular field or career, and that offer you the opportunity to explore an interest or skills set without having to enroll on a full programme. An example of a DCC Orientation Programme is the DCC Short Course: Introduction to Radio Broadcasting.

**Self-employment Programmes** were designed to refine your skills in a particular field of interest, to teach you how to make a living from a particular skill, interest or hobby, and to help you start your own business. An example of a DCC Self-employment programme is the DCC Diploma in Computerised Bookkeeping.

- Students can continue to earn an income, while studying outside of working hours at home.
- Students have access to highly qualified and experienced Damelin Correspondence College tutors who can provide quick feedback by giving detailed comments on assignments, and can provide telephonic tutorials on a one-to-one basis.
- Students can engage with study material that is divided up into logically sequenced, manageable units, which form part of an integrated and sound learning process of introduction, reinforcement and review, interspersed with student-centred exercises.

**Career Counselling & Development Service**

Students are encouraged to make use of Damelin Correspondence College's free educational counselling service. Students can contact the Damelin Correspondence College Call Centre by telephone for referral to a Career Counsellor, or to make a personal appointment. Alternatively, students can e-mail queries to the College.

He or she can also provide additional academic support (such as study skills, tips for writing assignments and pre-exam techniques, life skills, time-management, coping with stress, and more), or can simply provide job-searching techniques.
Providing for Students with Disabilities or Audio Needs

Damelin Correspondence College seeks to provide students who have disabilities with every opportunity to participate fully in the College. When registering, students are invited to disclose any disabilities that they may have, and to indicate any individual support or special examination arrangements that they may need. Students are also welcome to contact a Damelin Correspondence College Student Consultant for further information. In addition, students with disabilities are invited to discuss their particular needs with the Career Counsellor, who is available to assist with personal, academic and career choices.

Students who experience difficulty in studying from printed material, for whatever reason, are encouraged to contact the Education Desk of Tape Aids for the Blind, to arrange for printed material to be transferred to audio.

Since its inception in the early 1990s, the field of Supply Chain Management has become tremendously important to companies operating in an increasingly competitive global marketplace. The term 'supply chain' refers to the entire network of companies that work together to design, produce, deliver and service products. In the past, companies focused primarily on manufacturing and quality improvements within their four walls; now their efforts extend beyond those walls to encompass the entire supply chain.

The Damelin Correspondence College Learning Programmes in Supply Chain Management are designed for learners of all experience levels, from those with little or no knowledge of Supply Chain Management to those with experience in the field.

- Introduction Supply Chain Management
- Logistics and Supply Chain Management

**Admission Requirements**

It is important that a student's choice of learning programme is based on his or her current level of education and experience. It is often detrimental to study success if a student registers for a programme for which he or she doesn’t have the necessary educational background. It might also prove a blow to the student’s self-confidence. Therefore, we urge students to take a conservative, realistic approach, and in so doing build a solid foundation for further study.

We have outlined, in this prospectus, the admission requirements for each programme. However, if students have any doubts about admission requirements, they are encouraged to contact a Damelin Correspondence College Student Consultant, who will be able to answer any queries.

**Assessment methods**

Internal assessments can be portfolios of evidence or assignments based on written exams.

External assessment consists of assignments and written exams per subject. These are set and managed by external assessment bodies (such as ICB - Institute of Certified Bookkeepers or IBS (Institute of Business Studies).

National qualifications assessments consist of portfolios of evidence (formative and summative assessments)

**Awards**

Upon successful completion of all the applicable assessment requirements as stated in your study material you will be awarded the relevant award.
